

Hard Rock Hotel Panama – Arc Swim-Out Unit 12

This ocean view swim-out condominium is located on sweeping arc of the main building, providing one of the best views in the resort, dramatic vistas of Pacific along with the river, cliffs and beach. With elevated ceilings and an extended deck that provides water access to the central pool. This direct pool access has proven to be a high demand amenity in other resort complexes so these units are expected to be sold quickly. At this point the unit has not been allocated, and can be configured by the owner as either a King or Queen/Queen suite.
